

Lighting Product Rebate Form

ENERGIZE CONNECTICUT C&I EXPRESS LIGHTING

Valid for all Connecticut Light & Power Company DBA Eversource Energy ("Eversource") and United Illuminating Company ("UI") commercial and industrial electric service customers ("Customer") who purchase and install a qualifying high efficiency lighting product ("Equipment") on or after January 1, 2022 through December 31, 2022. **All Rebate requests ("Application") with required documentation must be received no later than March 31, 2023.** Rebate cannot exceed 90% of the qualified equipment cost for UI and Eversource customers. Equipment incentivized through the Instant Rebate Lighting Solution program is not eligible for Express rebates.

TO APPLY FOR YOUR REBATE, READ THE PROGRAM TERMS AND CONDITIONS ON PAGE 7 BEFORE PROCEEDING.

Instructions

Complete the online application at [Energizect.com/lighting/apply](https://energizect.com/lighting/apply)

Or mail to: Energize CT Express Lighting c/o CLEAResult
P.O. Box 331353
West Hartford, CT 06133

Or email to ExpressLightingCT@clearresult.com

All information is required for processing rebate. For questions about this form or your claim, please call 1-888-261-9859.

Required Documents for Pre-Approval (if rebate amount exceeds \$7,500)

- Signed Application
- Estimated Project Quote
- For projects containing more than 250 fixtures, please include a spreadsheet with fixture location.

Required Documents Checklist

- Pre-Approval Complete (if rebate exceeds \$7,500)
- Signed Application
- Installation invoice with date of purchase and itemizing cost, lamp/fixture type, make, model and quantity.
- IRS W9 Form (for Payee)
- Specification Sheet & DLC or ENERGY STAR® Screenshot or Product ID #

The utilities reserve the right to inspect any project at their discretion.

For rebates over \$7,500, pre-approval/pre-inspection and post-inspection are required. Projects that do not receive utility pre-approval will not be eligible for the full rebate amount. Please call 1-888-261-9859 to receive pre-approval and schedule pre-inspection before install and to schedule post-inspection once the installation is complete.

By signing this form below, I certify that all of the information described on this Application and all documents provided with this Application are accurate and true and that I have read and understand the TERMS AND CONDITIONS on this form. I agree to a verification by a Utility representative of both the sales transaction and product installation and also allow Utility access to pre- and post-monitor the installation. By signing this Application, I further certify that the qualifying Equipment will be installed for use in the Connecticut address stated. Falsifying any of the above information will void this rebate application and any future rebate applications. I certify that all upgrades were done by a CT State licensed individual and in accordance with all local codes and building regulations. All required permits were obtained prior to installation.

Payee Information

Eversource Only - For a third party to be eligible to receive payment, they must provide an installation invoice with zero balance, and be licensed to perform the work included in the project. For UI Customers, payment will not be made to any third party regardless of arrangements between the customer/account holder and third party. Eversource and UI reserve the right to exclude any third party from participation in the program at any time.

Customer Signature (Required) I acknowledge the Payee information provided.

REQUIREMENTS:

UTILITY APPROVAL: If rebate is over \$7,500, a pre-approval or pre-inspection by the utility is required prior to install. Post-inspection will be required as well. Failure to obtain pre-approval will result in the applicant receiving a lower rebate amount and the original conditions are deemed "non-reportable."

NON-REPORTABLE: Non-reportable is defined as any project that the utility has not been able to verify that the existing conditions reported are accurate, or the customer does not have the existing conditions information available. Failure to report existing conditions will lower the rebate amount. Specialty/custom fixtures and sensors are not eligible for non-reportable incentives.

INCENTIVE CAP: UI and Eversource will pay up to 90% of invoice amount for qualified materials.

PRODUCT CERTIFICATIONS: All LED fixtures or lamps must be ENERGY STAR® certified or DesignLights™ Consortium qualified unless otherwise noted (e.g., exit signs). The lists of qualifying products can be found at www.energystar.gov and www.designlights.org, respectively.

U.L. LISTING: Items eligible for a rebate must be U.L. listed, as well as have the required certifications listed on page 4 and 5. Reflectors must be U.L. classified.

WATTAGE REDUCTION: There must be at least a 10% system wattage reduction between the old and new system wattage for product to qualify. LED to LED conversion is NOT incentivized even if minimum watts saved is met.

REFLECTORS: It is recommended that a sample area of reflectors be installed to ensure satisfaction with light output and distribution. Lamps must be re-centered after original lamps are removed.

TERMS AND CONDITIONS

Applicant understands that all funding for rebates under this program derives from the Energy Efficiency Fund which is managed, in part, by Participating Utilities and funded, in part, by their customers. Neither Participating Utility guarantees the availability of funding for this program and neither is responsible for any costs or damages incurred by applicant if funding for this program or the Energy Efficiency Fund is reduced or eliminated by the State of Connecticut, the Public Utilities Regulatory Authority, Department of Energy and Environmental Protection or other State of Connecticut action.

Rebates are subject to funding availability and are subject to change at any time without notice.

APPLICATION FORM: This application must be filled out completely, truthfully and accurately. The customer or their authorized representative must sign, date, and submit this application along with the installation invoice (as outlined under Proof of Purchase) the specification sheet(s), an IRS W9 Form, and any other required documentation identified in this application.

ELIGIBILITY: Rebates are available to industrial, commercial, institutional, and agricultural electric customers of Connecticut Light & Power Company DBA Eversource Energy ("Eversource"). The United Illuminating Company ("UI") who have a commercial rate code on their electric service. Eligible equipment and products must be installed in the service territory of the participating utility. Residential customers may apply for common areas of multi-family housing. Eversource multi-family customers must have a commercial revenue code on their account to be eligible for rebates. The Participating Utility reserves the right to modify payment options and restrict the amount of the rebate available for facilities using self-generation for non-emergency purposes.

PRE-APPROVAL AND VERIFICATION: Pre-approval and a post-inspection from the Participating Utility are required if the rebate total is greater than \$7,500. Pre-approval must be obtained prior to install and will be issued in writing with or without a pre-inspection, to be determined by the Participating Utility. The Participating Utility reserves the right to verify sales transactions and to have reasonable access to your facility, to inspect the equipment installed under this initiative, prior to issuing rebates, or at a later time. All work must be completed in accordance with all applicable codes and all required permits must be obtained. The participating utilities may request copies of any required permitting documentation or electrician license from contractors at any time.

REBATE OFFER: Rebate offer is available for qualifying equipment and products that are purchased and installed between January 1, 2022 and December 31, 2022. Rebate amount will not exceed 90% of qualified equipment or product cost for UI and Eversource. See attached eligibility sheet for qualifying equipment specifications. The Participating Utility reserves the right to cap rebate amounts. Contact the Participating Utility representative for details.

REBATE PAYMENT: Please allow at least 30 days for payment. Payment process may take longer if Application package is submitted incomplete. For UI Customers, payment will not be made to any third party regardless of arrangements between the customer/account holder and third party. Rebate checks will be mailed to customer/account holder on record. For Eversource customers, payment to designated third party on rebate form will be permitted.

PROOF OF PURCHASE: Rebate levels will be confirmed upon receipt of detailed invoices (installation invoice with date of purchase and itemizing cost, lamp/fixture type, make, model and quantity).

ENDORSEMENT: The Participating Utility does not endorse any particular manufacturer, product, or system design in promoting this Program.

TAX LIABILITY: Your Participating Utility will not be responsible for any tax liability that may be imposed on the Customer as a result of the payment of rebates. All Customers must supply their Federal Tax Identification Number or Social Security Number (IRS W9 Form) as part of this Application to receive a rebate.

WARRANTY: The Participating Utility makes no warranties or representation of any kind, whether statutory, expressed or implied, including, without limitations, warranties of merchantability or fitness for particular purpose regarding the system or services provided by a manufacturer or vendor. Contact the contractor for details regarding system performance of the energy efficiency measures. The Participating Utility does not guarantee that the listed measures will result in energy and/or cost savings.

LIMITATIONS OF LIABILITY: The Participating Utility's liability is limited to paying the rebate specified. The Participating Utility is not liable for any damages arising out of, or resulting from, participation in this rebate offer, including but not limited to loss of profits, loss of revenues, failure to realize expected savings, loss of data, loss of business opportunity, or similar losses of any kind, as well as any indirect, incidental, punitive, special, or consequential damages, or for any damages in total connected with or resulting from participation in this program.

ISO-NE CAPACITY PAYMENTS: By signing this document, and as a condition to receiving a rebate pursuant to this program, the customer acknowledges and agrees that any and all payments, benefits and/or credits associated with or applicable to the customer's participation in the program that is the subject of this Agreement in connection with the ISO New England, Inc. Forward Capacity Market ("FCM") or any existing, successor or replacement markets, (including, but not limited to, any and all transitional FCM credits or payments or any and all other capacity-related credits, payments and/or benefits for which such customer is eligible) shall be deemed as and from capacity payments, credits and/or benefits of Eversource or UI, as applicable. The customer hereby assigns to Eversource or UI, as applicable, all of its right, title and interest in and to any and all such capacity payments, credits and/or benefits, and agrees to take any and all action, including executing and delivering any and all documentation and/or instruments, as requested by Eversource or UI, as applicable, to evidence the same. FCM means the market for procuring capacity pursuant to ISO-NE Tariff, FERC Electric Tariff No. 3, Section III, Market Rule 1, Section 13, any modifications to the FCM, or any successor or replacement market/capacity.

CLASS III CONSERVATION CREDITS: Any Class III renewable energy credits and/or conservation credits received in connection with this program shall be retained by the Utilities pursuant to the laws of the State of Connecticut and/or applicable PURA decision in effect as of the date hereof.
